EXPERIENCE

EDAPT

Flutter Intern

2022 - Present

After finishing my degree, I was offered a position as an intern at Edapt. I worked as a Flutter developer and gained valuable experience in creating UI and UX designs, integrating APIs, and maintaining code. I was able to develop mobile applications using the Flutter framework.

PROJECTS

E-commerce

E-mart

The e-mart application retrieves data from an API and stores cart information locally using shared preferences. The application also allows users to register and login using Firebase authentication, including Google Sign-In. Users can view their profile information.
